

Meera Iyer

SENIOR SOFTWARE ENGINEER

Senior software engineer working on the backend of high-traffic payment and messaging systems. Comfortable owning a service from the design doc through the on-call pager, and happiest when a rewrite drops both the latency graph and the cloud bill. Maintains a small open-source rate limiter that other teams now depend on.

GITHUB STARS

EXPERIENCE

- Razorpay

Senior Software Engineer

2021 - Present

Bengaluru, India · Fintech · payments infrastructure

 - Rebuilt the payments service to handle 12,000 requests a second, cutting p99 latency from 800ms to 90ms.
 - Led the migration off a monolith into six services and shipped it over a weekend with no downtime.
 - Wrote the rate limiter that now guards every public API and open-sourced it at 600 GitHub stars.
 - Trimmed the AWS bill 30% by moving batch jobs to spot instances and right-sizing the fleet.
- Gojek

Software Engineer

2017 - 2021

Bengaluru, India

 - Built the driver-location pipeline processing 2 billion events a day on Kafka.
 - Cut a nightly reconciliation job from six hours to twenty minutes by rewriting it in Go.

PRODUCTS // PROJECTS

ratekeeper

GO · REDIS

Open-source token-bucket rate limiter for Go services, used in production by three teams.

pgslice

RUST · POSTGRESQL

CLI that shards a Postgres table online without a maintenance window.

ACHIEVEMENTS

- Cut payment p99 latency almost 9x on the same hardware through a service rewrite.
- Halved the platform's on-call load by fixing the three alerts that caused most of the pages.
- Open-sourced a rate limiter three internal teams and a handful of outside ones now run.
- Gave a talk on zero-downtime migrations at Rootconf 2023.

CORE COMPETENCIES

LANGUAGES

Go · Rust · Python · SQL

SYSTEMS

Distributed systems · Event streaming · Database sharding · Caching · Observability

INFRA

Kubernetes · AWS · Terraform · Kafka · Redis · PostgreSQL

EDUCATION

B.Tech, Computer Science & Engineering NIT Trichy · 2017

CERTIFICATIONS

AWS Certified Solutions Architect — Associate 2022
