

# Dr. Arjun Menon

## CONSULTANT CARDIOLOGIST

 Kochi, Kerala, India  arjun.menon@example.com  +91 94470 22118  linkedin.com/in/dr-arjun-menon

Consultant cardiologist with fifteen years in interventional practice. Splits his week between the cath lab, a post-heart-attack follow-up clinic he set up, and teaching the DM residents. Set up the first 24x7 primary-angioplasty service in the district, which is the part of the work he is proudest of.

### 📁 Experience

**Rajagiri Hospital** **Consultant Interventional Cardiologist** 2016 – Present  
Kochi, India · Healthcare · cardiology

- Ran a cath lab through 600+ angioplasties a year, holding door-to-balloon times under 60 minutes.
- Built the district's first 24x7 primary-PCI service and brought heart-attack transfer deaths in the catchment down about 40%.
- Trained the DM cardiology residents on complex coronary work; 6 have gone on to consultant posts.
- Started a post-heart-attack follow-up clinic that kept 80% of patients on their medication at one year.

**Amrita Institute of Medical Sciences** **Cardiologist, Cath-Lab Team** 2011 – 2016  
Kochi, India

- Handled the cath-lab emergency roster and built the STEMI protocol the unit still uses.

### ★ Achievements

- Built the district's first 24x7 primary-angioplasty service from a standing start.
- Trained 6 DM residents who now hold consultant cardiology posts.
- Delivered over 6,000 coronary procedures across 15 years with outcomes at national benchmark.
- Ran free heart-health camps twice a year that have screened more than 4,000 people.

### ★ Core Competencies

#### CLINICAL

Coronary angioplasty · Radial-access PCI · Primary PCI / STEMI care · Echocardiography · Pacemaker implantation · Heart-failure management

#### ACADEMIC AND SERVICE

Resident teaching · Protocol design · Cath-lab administration · Community screening
